APEX EARNS COMMENDATION FROM THE MINES AND GEOSCIENCES BUREAU

Apex Mining Company Inc. has passed the full year 2019 evaluation of the Mines and Geosciences Bureau (Region XI) with flying colors.

In photo: MGB RXI recently presented Apex with a Certificate of Commendation for garnering top scores in the Tenement, Safety and Health, Environment and Social Development or TSHES scorecard. The TSHES is the main element of MGB's monitoring tool, tracking a company's compliance with its approved Three-Year Development/Utilization Work Program covering initiatives for Safety and Health, Environmental Protection and Enhancement, Community Development and Social Development and Management.
