

**APEX MINING CO., INC.**

## **APEX MINING WINS REGIONAL AWARDS ON INDUSTRIAL PEACE**

Apex Mining Co. Inc is region 11's winner of two awards from the National Conciliation and Mediation Board (NCMB): Most Outstanding LMC for Industrial Peace and Most Outstanding Grievance Machinery for Industrial Peace, both in the unorganized sector.

With these two top honors, APX is now in the running for the National LMC Competition, with the winners to be announced in December 2021.

For the past two years, APX has been besting other companies in the regional level for both the GM and LMC, and also garnered a Special Award in the national level.

This year's theme of NDMB's twin search for Outstanding Labor Management Cooperation and Outstanding Grievance Machinery for Industrial Peace is "Responsiveness and Resilience in Times of Disruption."
