"MINING SHALL BE PRO-PEOPLE AND PRO-ENVIRONMENT IN
SUSTAINING WEALTH CREATION AND IMPROVED QUALITY OF LIFE"

Over 2M hours in safety track record

MGB RXI AWARDS APEX MINING WITH SAFETY MILESTONE AWARD

APX, 28 July 2021 —The Mines and Geosciences Bureau Region XI (MGB RXI) gave Apex Mining Co., Inc. a Safety Milestone Award for recording over 2.1 million man-hours without lost time accidents (LTAs) for the period covering 11 March to 30 June 2021. An LTA is a workplace injury that results in a worker's absence for at least one full day.

MGB's Safety Milestone Award is a recognition given to companies that log two million man-hours without LTA. APX's Maco Mine recorded 2,185,750 man-hours sans LTA in its mine, mill and exploration operations for the period validated by MGB.

Safety is very much ingrained in APX's corporate DNA, counting it among the cornerstones in promoting the well-being of all its stakeholders.
